The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

| Code Number | Description of Violation | Correct By |
|-------------|--|------------|
| 4-501.11 | The refrigerator closest to the service line has a thermostat that is reading significantly lower than the actual operating temperature. There does not appear to be an immanent risk to the food stored in the refrigerator. Upon discovering the error, the kitchen staff moved the food to a refrigerator with a correctly reading thermostat. Repair the thermostat so that the temperature of food in the refrigerator can be properly monitored. | 4/30/2010 |
